

Name:

HOW DO THE NEEDS OF WHERE WE LIVE AFFECT HOW WE LIVE?

Instructions: Complete the organizer for three inventions. They can either be from one civilization or from three different civilizations. There are many different civilizations to choose from (Mesopotamia, Egypt, Greece, Rome, China, India, Mayan, Incan, Canada First Nations).

Civilization:	
Invention/Development:	
1) Details of the development/invention: (what it looked like, how did people use it in daily life, when was it invented, who invented it...)	
2) How did it change people's lives?	
3) Does the invention still exist today and does it look the same or different?	
4) Why is it historically significant?	
References: (write down where you found your information) - remember to keep track of your sources as you go! See back page for examples on how to write a reference.
